**Please Note The Following Clarifications:**

1. The long jump and pole vault runways are to be repaved by others prior to installing the new surfacing.
2. A new pole vault box will be provided and installed by the track surfacing contractor and should be included on the pricing.
3. Two new long jump take-off systems are to be provided and installed by the track surfacing contractor and should be included in the pricing.
4. The shade from the trees that may impact the curing of the new track surfacing will be addressed/corrected by the owner prior to the installation of the surfacing. All areas to receive surfacing need 2 hrs. of full sunlight.
5. The second long jump runway is to be surfaced-currently extending from the start chute. Rest of area to remain asphalt
